

TENNIS ELBOW SUPPORT W/GEL PAD

Gel Pad
*allows for targeted pressure
for your forearm and elbow*

Comfortable, concentrated pressure. The gel pad is designed to target pressure and help relieve pain and soreness in the forearm and elbow. Soft, breathable fabrics and an adjustable strap give you a custom, comfortable fit. *Antimicrobial treatment helps reduce odor causing bacteria.

Recommended for any activity involving a strong grip or strain on the forearm and elbow.

Support Level: advanced
